CHINESE BURN BANKS AND KILL

TIENTSIN, China, March 3. — For more than twenty-four hours riot and mutiny have held full sway here. The streets have been filled with disorderly soldiers, looting and burning houses and shops. Many have been killed, but so far as is known the only foreigner slain is Doctor Schreuter, who was shot down by a band of mutineers late today as he was leaving his home.

Led by self-constituted leaders, the mutineers this morning attacked the banks, declaring that their pay was being withheld and they were going to have it at once. Several of the minor institutions were forced open and the rioters entered, armed, shooting their rifles at any one they saw. After vainly attempting to break open the vaults of one of the banks the mob set fire to the building. The sight of the flames excited them still further and the soldiers and hoodlums swept through the business section of the city, breaking into stores, and other banks until finally a large crowd attacked the mint. This building was defended by the foreign troops, of which there are more than seventeen hundred stationed in the city. The foreigners did not interfere until the rioting passed all bounds, when they threw lines around those parts of the city where the whites are living. Fresh trouble is feared for today.

COAL-MINE STRIKERS

LONDON, Eng., March 3. — All hope of a compromise between the coal miners and the operators is at an end. The operators have refused to meet the Government proposals in the matter and the miners have proved equally stubborn.

This fact was made patent today when it was officially announced that all negotiations have ceased and that the strike would be "fought out on its merits."

The situation, already bad, was worse today by the proclamation of the leaders of the dockmen in Bristol and elsewhere that that union would refuse to handle any imported coal until the coal strike was called off. This will probably mean that England will be cut off from all supplies of fuel.

The railroads and other transportation lines using coal as a fuel, have already been compelled to curtail their regular services in order to make their supply go as far as possible. With the announcement of the dockmen's stand in the strike situation, they formally declared it impossible to keep up even the lessened number of trains now running and issued instructions to still further cut down their service. It looks now as though traffic throughout the United Kingdom would suffer severely before any relief can be obtained.

So far there have been no disorders of any sort attendant upon the strike.

REBELLION IN MEXICO

GAINING IN STRENGTH.

EL PASO, Texas, March 3. — The situation in Mexico is becoming critical. News reached this city tonight that a fight for the possession of Chihuahua has been going on for three hours, and that thirty-five men have already been killed and wounded on the Federal side. There is no report of the rebel dead and wounded. The attack started in the morning and was discontinued for a time this afternoon. It is expected to be resumed tonight. The rebel garrison at Juarez, just across the river, has been depleted by reinforcements which have been sent to support the rebels attacking Colonel Villa, at Chihuahua. Orozco is reported to have been with the detachment.

Word from the City of Mexico declares that many Americans are leaving Monterey and other cities in the affected region. Monterey is reported to have sent troops to relieve the situation at Torreón. The state of affairs in Vera Cruz and other States is said to be growing worse steadily.

Washington has been notified from the capital that the Americans held by the rebels at Velardena have been rescued and are on their way home.

FOREIGN TROOPS WAIT

RISING IN CAPITAL.

PEKING, China, March 3. — This city feels more or less secure against a possible uprising. Three thousand foreign troops are now encamped in various parts of the capital awaiting an outbreak.

The bulk of Yuan Shih-Kai's troops who have remained loyal have been rushed to the scene of the mutiny with orders to suppress it summarily, but no news of them has been received at the President's palace as yet.

News has been received that Japan has moved five thousand troops of all arms of her service to Port Arthur. These have been ordered to start for Tientsin at once. While this move on the part of the Japanese adds to the general feeling of anxiety here at

SMUGGLING PLOT DISCOVERED

SAN FRANCISCO, Cal., March 3. — Following the discovery by immigration officials of a plot to smuggle Chinese into the United States from Mexico by means of small coastwise vessels, the launch Morningstar from Ensenada was overhauled by a posse of deputies in Oakland Creek last night.

Three members of the crew and twenty Chinese were captured, while seventeen leaped ashore and escaped. The immigration officials learned of the plot from secret sources in San Diego. For the past two nights the San Francisco harbor was under patrol and the vigilance of the officials was rewarded by the appearance of the Morningstar and her suspicious actions.

EXPECT CRISIS IN LAWRENCE.

LAWRENCE, Mass., March 3. — The authorities tonight admitted that a crisis in the mill strike here may be looked for today, and that they have made preparations to meet it. SALEM, Ore., March 3. — Mrs. L. P. Jilison killed herself and her four sons today with poison. She left a note explaining that her act was due to starvation.
